## StrongCatamaran 15.0

The OrangePit StrongCatamaran 15.0 is built in connectable units to change sizes and for easy transport in 20ft containers. This very safe boat is build to work off shore and in shallow waters. Its draught is approximately 60 centimeters and it can reach a speed of 15 knots, depending on the freight and equipment on board. Length of the boat can be changed by connectable middle pontoon of 5 meters into 10, 15 or 20 meters pontoon bodies. The pontoons have a double bottom and are divided in sections and are foam filled to give extra safety if the outside hull gets damaged because of rocks in shallow waters .

### Specifications:
